Yoemen Lose To Killeen, 32-7; Meet Big Gatesville Team Friday

A big bruising Killeen Kangaroo eleven clobbered out a 32-7 victory over the highly rated Yoemen, Friday night in Killeen.

With their fourth victory, the rugged 'Roos sent out a warning to all AA schools in the State, and it looked like the 1952 team that went to the state quarter finals.

The game was played before a packed stadium of 4,000 fans as Killeen celebrated their homecoming.

The Yoemen, who have here-tofore featured a strong, stout line, were smothered under and torn apart as the 'Roos held them to 52 net yards rushing in the first half. No. accomplishment was made in the second half as the Yoemen had a minus five yards. The game was marred by ten penalties for the 'Roos, which set them back a total of 100 yards.

While Killeen was eating up yards on the ground, the Yoemen took to the air, gaining 109 yards. The lone touchdown of the game for the Yoemen came from the talented fingers of Joseph Michalka, a Junior back.

The ball game featured two evenly matched teams during the first half, but it was Killeen's ball game during the second. The Kangaroos held a meager edge going into the third quarter. The Cameron line was ripped to pieces by Buddy Reding and Odell Grant, 'Roos backs. Splendid blocking of Cecil Carter and other talented Killeen linemen stole the show, but it was Dred Miller Barr, a lineman converted to the backfield, who took the spotlight with two pass interceptions, both ending in touchdowns although one was nullified with a clipping penalty.

With five minutes remaining in the quarter, Killeen scored its first score as Grant moved wide around left end and went down the sideline for 28 yards and the tally. The point after was missed.

A see-saw battle took place in the second quarter. Neither side made any outstanding offensive plays, and the only serious threat of the second quarter game in the fading seconds when the Kangaroos moved down to the Cameron eight. Time ran out before they could score, which left the 'Roos ahead 6-0.

The third quarter featured a big steam-roller as the Kangaroos came tearing back determ-

"B" Team Season Tickets On Final Sale This Week

A final drive is being conducted this week in connection with the selling of tickets for the remainder of the "B" team games. All proceeds will benefit the Yoe High band members in their drive to purchase new uniforms.

Season tickets are now on sale for $2. The tickets are being sold by the Yoe High class and band members.

Although the Yoelets are winless thus far, they have met heavier teams and who are more experienced. They have not quite overcome this, but for their size and experince have always shown the fans a good ball game. The public is urged to come out and encourage the team, and also to support the band in this final drive.

The remaining home games of the Yoelets are Gatesville, Temple, Belton and Rosebud.

Milam Association Discusses Teachers Salary Increase

Milam County Teachers Association held its first quarterly meeting of the term in Rockdale on Monday evening in the school library with George Lamb, the new chairman, presiding.

Supt. W. C. Grisson of Rockdale extended a welcome to the large assembly of teachers and called upon County Supt. H. H. Pruett to introduce the speaker of the evening, Hon. Lamar Zivley of Temple, member of the Texas Legislature, who discussed "Increase in Teachers Salaries."

Late activities centering around the salary increase move were discussed and the group was brought up to the minute on prospects and proposals.

Rockdale's band director, Mr. Gibbs, led the group in singing and later presented special music by Kenneth Harris, Sue Albrecht and Donna Haelbig.

A social hour followed the program and refreshments were served.

Thorndale, through Supt. Roy Butler, extended an invitation to the Association to meet there on January 11 and the group voted to accept.

Mrs. Frank Cheeves and daughters, Lucy and Barbara of Austin were weekend guests in the home of Mrs. S. W. Cheeves.

George W. Manley Buried At Minerva

Funeral services for George W. Monley, 75, were held in Rockdale Friday, October 9, with the Rev. Louis B. Jones, minister of First Baptist Church, in charge. Burial was made in the cemetery at Minerva, near here.

Mr. Manley, a native of Concorn, Ga., came to Texas and settled at Minerva in 1898, farming for many years. He had been in poor health for some time and died in a Cameron hospital.

Surviving are his wife, Mrs. Margaret Brennan Manley; three sons, Gering Manley of Vicksburg, Miss Robert Manley of Griffin, Georgia, Pat Manley of Pasadena, Texas; two daughters, Mrs. L. H. Akers of Lancaster, and Mrs. S. G. Keating of Oakland, Calif.; and a sister, Mrs. Lura Brown of Griffin, Georgia.

G. H. Beckhusen of Rt. 2, Rogers visited in Cameron last Saturday.

Charlie Hrachovy of Buckholts, Rt. 2 was a recent business visitor here.

Five FFA Boys To Kansas Convention

Central Texas Future Farmers of America will bring back a considerable part of the awards to be presented at the Silver Anniversary of the FFA in Kansas City Monday through Thursday.

Over 40 boys and adults representing more than a dozen Central Texas towns will be at the national convention which will be featured by appearance and speech of President Dwight Eisenhower, Secretary of Agriculture Benson, and other top ranking government officials.

Representinng the Cameron FFA Chapter are Jimmy Markham, Tommy Chamberlain, John Morris Duncum, Pete Graham and Louis Hubnik. L. R. Thompson, VA teacher in Yoe High School, accompanied the boys to Kansas City by car. The group left Saturday morning, Oct. 10.

Most of those going were to leave on a special train from Fort Worth early Sunday morning; others went by car and one or two flew to the convention.

Two FFA chapters—Whitney and Clifton—will return from Kansas City with nationwide recognition for their achievements. The Whitney FFA Chapter is sending five boys to receive the American Farmer degree, the highest honor an FFA member has produced. No other chapter before has produced five American Farmer candidates in one year. And the total of American Farmer degrees for the Whitney chapter, 14, will tie for national record for AF degrees in one chapter.

The boys will register Monday and go on tours of Kansas City Monday afternoon.

Speakers to appear on Tuesday's program include Postmaster General Arthur Summerfield, and conferring of American Farmer degrees will be held Tuesday afternoon.

On Wednesday, the Clifton FFA Chapter will get its gold emblem award, and a silver anniversary pageant will be presented Wednesday morning.

Secretary of Agriculture Benson will speak Thursday morning as will Mrs. Oveta Culp Hobby, secretary of the Department of Health, Education, and Welfare. President Eisenhower is tentatively scheduled to speak Thursday night.

Eisenhower and Benson are expected to talk about farm programs of the Republican administration. In all, some 10,000 FFA members will attend the convention.

Bulldogs Beat Rosebud; Meet Rosenthal Friday

The O. J. Thomas Bulldogs defeated the Wilson White High Lions of Rosebud 22-6 here Friday night in Yoe Stadium.

It was a hard fought battle all the way through with the Bulldogs scoring midway in the first quarter on a reverse by James Dickey. He carried for about 35 yards and the first score. The try for extra point failed.

Late in the first Rosebud threatened but was stopped on the goal line by a strong Bulldog line.

The second Bulldog score came in the second period after a series of passes from Kelly to Bradley and Freeman and running plays by Roberts and Dickey. Roberts made the tally, with Biggers scoring the extra point on an off tackle smash.

Midway in the third period the Bulldogs blocked a Rosebud kick that was recovered by a Rosebud player in their end zone for a Cameron safety. The Bulldogs again blocked a Rosebud kick in the end zone, with Wright of Cameron recovering for a Bulldog TD. The try for extra point was good.

Rosebud scored their lone tally late in the fourth period on a pass good for about 25 yards.

The Bulldogs now have 1-1 standing in the District 7-A playing. The next game will be a conference game with Rosenthal of Waco on the Yoe High Stadium,

December Draft Call: 23,000

Washington, Oct. 13.—The Defense Department ordered Selective Service Tuesday to provide 23,000 new draftees for the Army in December.

The Navy, Air Force and Marine Corps will continue to depend on volunteers and re-enlistments at least for the time being although there have been reports they may have to resort to the draft later.

The 23,000-man Army call was the same as those issued since last July. Inductions are scheduled to continue at this rate until next July.

Five Being Held For Burglaries

Five men are in custody of federal and state officers in Brownwood and San Antonio and several others are being sought in connection with more than 100 burglaries of Texas business establishments, a bank and several postoffices.

Local authorities were called to Brownwood last night, and reported that two local burglaries were admitted by those in custody. They made statements admitting the robbery on June 15, 1952 at the Cameron Ice and Cold Storage Company, and the robbery of the Ben Arnold postoffice in August of 1952.

The local authorities are filing warrants which will be sent to Brownwood.

Albert Rowe Bright, 33, was arrested in Fort Worth Monday by city detectives, Texas Rangers and Sheriff Ray Masters of Brown County.

Bright is charged in justice court at Brownwood with burglary of the Blanket State Bank Nov. 4, 1951, when $1,600 cash and $300 in stamps were taken and in a drug store burglary at Brownwood July 12, 1951.

U. S. District Attorney Heard Floore said in Fort Worth that he had authorized federal charges filed against five persons in connection with the bank and postoffice burglaries.

Federal charges are to be filed in San Angelo.

Also charged in justice court at Brownwood in the Blanket bank robbery is Debs Bellah, 39, who was arrested last Saturday at Brownwood. His wife, Jettie Bellah, was arrested and charged with a burglary at Brookesmith.

"We hope to clear up more than 100 burglaries and thefts all over Texas when we get through rounding them up," Allcorn said.

Floore said another man is in custody at San Antonio and two are in jail at Brownwood.

Crop Harvest Speeded; Estimates of Crops Given

Austin, Oct. 13.—Harvest of crops moved rapidly during the past month as ideal weather enabled farmers to use all available labor and machinery, the U. S. Department of Agriculture reported Tuesday.

Milam County is bringing the cotton harvest to a close, with an estimated 29,000 bales already ginned. Ginner over the county report a profitable season.

However, while the hot, clear weather was ideal for harvesting, it halted development of late feed and pastures and delayed planting of small grains.

Cotton and peanut crops were turning out "somewhat better" than expected a month earlier, the USDA said in a report of crop conditions as of Oct. 1.

However, grain sorghum, rice and hay crops were below earlier expectations and wheat prospects in the northwest deteriorated steadily during September.

Considerable wheat acreage, sown during August and early September when moisture was sufficient for germination, was "just holding on" as September ended. Sub-soil moisture reserves were low above the cap rock.

The USDA forecast a cotton crop of 4,050,000 bales as of Oct. 1, up six per cent from the 1952 crop and 200,000 bales above the prediction a month earlier.

Estimated production of corn was pegged at 33,874,000 bushels, same as on Sept. 1, and was down from the 1952 production of 41,292,000 bushels and the 10-year average of 54,256,000 bushels.

Late - planted sorghums in northwest areas were damaged by hot, dry weather in September, and the USDA said "there is little hope for a grain crop on most of this acreage."

The Oct. 1 forecast for sorghums of 66,500,000 bushels was down five per cent from the Sept. 1 estimate. Last year's production was 48,200,000 bushels.

Burglar Prys Way Into Doctor's Office

A burglar pryed his way into the office of Drs. Evans and Evans, Optometrists, during the noon hour, Thursday, Oct. 8. The office had been locked while the Evans were out for lunch. After prying open the door, the burglar took approximately $30 in cash. A large amount had just been deposited in the bank that morning and only a small amount had been kept on hand.

Fire Prevention Awards Given In Yoe High Assembly

National Fire Prevention Week, which started on October 4 and continuing on through October 11, is being observed all over the Nation this week.

Proper preventive fire measures are even more important now than ever before because of the world situation and the need of a strong civil defense effort.

In the past it has been customary for the Cameron Fire Department to award $15. prize money to students in Yoe High School and in Ada Henderson School, in connection with the contests marking the observation of National Fire Prevention Week.

Fire Prevention awards were made in Yoe High School Thursday morning, October 8.

Dorothy Kelly of the Freshman class won first prize for her poster. Second and third place prizes went to Emily Hubnik and Rita Reid. Honorable mention awards went to Dorothy Dillion, Anita Trdy, Franklin Moore, Nancy Grabein and Ann Wimberly.

Lou Wane Asher of the Senior class was awarded first place for her theme entry. Second and third place awards were won by Bobby Balhorn and Joyce Nicholson.

Rev. Jim McKeown, chaplain for the local Fire Department made the awards at the high school's regular Thursday morning assembly.

The Ada Henderson awards will be given at a later date.

J. Don Johnson of Fresnos, Texas has been a guest in the home of Mrs. R. L. Batte, Sr. this week.

Final Rites For Franklin Stratton Held October 6

Funeral services for Franklin Edward Stratton, 71, were held at Friendship Methodist Church Tuesday, Oct. 6, with Rev. Sam Reveile of Cameron, officiating.

Mr. Stratton died of a heart attack while working on his farm.

He was born in Lee County, and moved to Milam County when he was a small child. He was a member of the Lilac Baptist Church, joining that church in 1944.

Mr. Stratton is survived by one sister, Mrs. J. R. McQuary of Lilac and several nieces and nephews.

Pallbearers were six nephews of Mr. Stratton's, Elwood, Ray and Bob McQuary, and Jerry, Guy and Harvey Stratton.

Out of town relatives and friends who attended the funeral were: Mr. and Mrs. Forrest Wilkerson of Odem; Mr. and Mrs. Ray McQuary and Charles Ray of Sinton; Mrs. L. E. Lawson and son of Sinton; Mr. and Mrs. L. E. McQuary of Houston; Elwood McQuary of Kenedy; Mrs. Cora Stratton of Austin; Guy, Jerry and Harvey Stratton of San Antonio and Mr. and Mrs. Earl Wright of Austin.

BEN ARNOLD TO STAGE COMMUNITY PARTY

Citizens at Ben Arnold will have a community party Wednesday night, October 28 at seven o'clock.

The party will be held at the Ben Arnold school building, and is being sponsored by the Parent-Teachers Association.

Included in the entertainment will be games of dominoes, "42."

The public is cordially invited.

Smith also attended a luncheon the same day at the Legion Hall, which was in honor of Governor Allan Shivers. Shivers was the guest speaker.

Dairy Association Elects Delegates

Ten of the thirteen Central Texas counties comprising District 8 of the American Dairy Association of Texas have elected delegates to represent the 1700 dairy farms in the area, Sam E. von Rosenberg, State ADA manager, has announced.

Names of the delegates have been received from all the counties except Milam, Bosque, and Falls counties. Representing the area on the board of directors is A. G. Killingsworth, Manor, and the director-at-large is David G. Gault of Manor.

Assisting by providing information to the dairy farmers are the Agricultural Extension Service county agents. Included is J. D. Moore of Cameron, Milam County agent.

The State ADA has made much headway in the last 12 months in interesting both plants and dairymen in participating in the penny set-aside program. Participating dairymen have doubled, from 9,000 in 1952 to 18,000 this year.

The purpose of the program is to expand the market for milk and dairy foods, thus increasing the wealth of a dairy community and increasing the business of the dairymen. Money contributed by the dairymen and set-aside at the milk plant at the time the dairymen sells his milk is used to expand the market. Participating dairymen set-aside one cent per hundred weight of grade A milk sold, and one cent a pound butterfat on ungraded milk and cream.

Dairying is growing into a leading agriculture business in much of Texas, von Rosenberg stated, and efforts to establish stronger marketing opportunities are necessary to increase the economic value of the industry.

He urged dairymen who are not presently participating in the program and desire more information to write him at the State ADA Headquarters, 117 Perry Brooks Bldg., Austin. Dairymen who know of the objective of the program and want to participate should contact the management of the plant where they sell their milk.

Qualification Tests For College Students Set For November 19

Application blanks to take the first of the fourth series of Selective Service college qualification tests on November 19 are on hand at Texas draft boards.

College or university students can also pick up bulletins of information about the tests at board offices, Lieutenant Colonel Morriss S. Schwartz, deputy state Selective Service director said.

The November 19 test is scheduled to be given in 43 Texas communities on 51 college and university campuses. Applications for the test must be postmarked no later than midnight, Monday, November 2.

Applicants for the test will mail applications to Educational Testing Service in self-addressed which will be given to them at local boards with information bulletins and application blanks.

To be eligible to apply for the Selective Service test, the student must (1) intend to request deferment as a student, (2) be satisfactorily pursuing a full time course of instruction, and (3) not previously have taken it.

Col. Schwartz pointed out that it is not mandatory for local boards to defer students even though they make scores equal or better than the criteria outlined in Selective Service regulation.

At the same time, he said that a total of 7,014 students are currently defered by Texas draft boards for scores on draft tests, class standing, and other reasons. Only 228 have the mandatory deferment required by law.

The deputy state draft director urged students whose academic year ends in January to take the November test so they will have a test score on file at their boards before the end of their academic year.

East Milam County Wildcat Drills Ahead

The D. H. Byrd No. 2 M. Blakely, wildcat in the east part of Milam County, was drilling ahead Tuesday after recovering oil cut mud on drillstem test and mud on another, both in the Edwards.

Tool plugged on the first attempt to test, at 5,692-712 feet. The second test was tried at 5,692-739 feet, on one fourth and 1-inch chokes. There was fair gas blow at the surface in 19 minutes but this had died at the end of 47-minute test. Recovery was 540 feet of heavily oil cut mud. Bottomhole pressure were 405-475 pounds, flowing and 1, 535 pounds, shut in 15 minutes.

On a 1-hour and 33-minute test at 5,692-752 feet, there was fair blow in 37 minutes, maximum working pressure was five pounds, and zero at the end of the test. Recovery was 1,080 feet of mud cut salt water, flowing, and 2,150 pounds, shut-in 20 minutes.

The Blakeley is in A. J. Watts Survey, two and a half miles northwest of Gause. It is about 3,000 feet southeast of the Byrd No. 1 Lucinda Greene, dual gas-distillate discovery at 5,250 and 7,680 feet.

JET AND GEM DUMAS

The lovely Dumas twins, Jet and Gem, have won the popular Southern Select Beer Twin Contest.

More than 1½ million votes were cast in this outstanding and unique consumer voting contest. Announcement of the final tabulation was made by Mr. H. S. Autrey, president, Galveston-Houston Breweries, Inc., brewers of Southern Select Beer.

Votes poured in from every part of the state of Texas. Heavy voting was noted, both in metropolitan areas like Houston, Dallas, Fort Worth, Beaumont, Austin, and from smaller cities.

The contest, which closed September 30, found the Rago twins Camille and Mildred, in second place. Third spot was occupied by the Ridge Twins, only slightly ahead of the Leither twins in fourth on the final vote.

Ballot boxes and voting pads were located in retail outlets. Everyone was eligible to vote and there was no consideration required.

Mr. Autrey said that votes came in from as far away as as "somewhere in Korea." After reading about the contest in Texas papers, 125 out of 140 men in "A" Battery, 38th Field Artillery Battalion, Second Infantry Division, sent in their votes for the Dumas twins.

Another GI, T-S Herman D. Gawlik of Karnes City, Texas, read about the contest in his local paper. He also cast his "absentee ballot" for the beautiful Dumas twins. Encloses with his letter to Mr. Autrey was 110 yen (Korean currency), sent as a souvenir.

Both the artillery and Sgt. Gawlik received warm letter of appreciation and the assurance that their votes were counted from brewery president Autrey.

Jet and Gem Dumas are both talented, intelligent, and possess pleasing personalities. Working now as artists with a national concern, they have played numerous engagements as a precision dance team. Their greatest recognition has come now as "Southern Select Twins for 1954."

Obermiller of Cameron, Texas, exchanged wedding vows in the home of the bride's parents on Wednesday, October 7. Rev. Russell V. Carr, friend of the family and pastor of the Yeder Memorial Chapel, Howey-in-the-Hills, Florida, performed the ceremony in front of the fireplace which was banked with cape jasmine and white gladiola. The mantle was decorated with lighted candelabra and ligustrum.

Preceding the ceremony, Mr. Carr sang "Oh Perfect Love" and "Because," accompanied by Mrs. Esther Beach of Hutchinson, Minnesota.

Given in marriage by her father, the bride chose as her wedding dress a gown of white nylon net over taffeta fashioned with a high neck line. The full skirt was trimmed with small ruffles. She carried a white Bible topped with white gladiola. For her jewelry, the bride wore a rhinestone and black onyx necklace and earbobs, a gift from the groom.

Mr. and Mrs. Victor J. Obermiller, uncle and aunt of the groom, were the matron of honor and best man. Mrs. Obermiller wore a beige metelassi dress and a corsage of white gladiola.

The mother of the bride wore a dress of white nylon and a corsage of white gladiola.

Following the ceremony a reception was held, with Mrs. John Dresser and Mrs. Frank Koontz, serving.

Mrs. Obermiller is a graduate of Clermont-Minneola High School of Clermont, Florida and attended John B. Stetson University at DeLand, Florida. The groom is a graduate of Yoe High School.

After spending a few weeks here in Cameron, with his parents, the couple will return to Florida, where they will make their home.

All church women are cordially invited, and every Council member is urged to attend. A large number from the local council is planning to attend.

Bridge Club Opens Season With Party At R. D. Brown Home

Mrs. R. D. Brown's party last Thursday for The Bridge Club was a pleasant opening for the club's current season. She arranged a decorative background with bouquets of lovely dahlias from her own garden for the party.

Game award and table cuts, contrary to custom, were awarded for consolation and low cuts instead of high. Prizes were double decks of cards going to Mesdames B. F. Robinson, George Graves and Claude Triggs for table cuts and to Mrs. R. A. Triggs for low score.

A salad course with pressed chicken and iced tea was offered at the game tables in the late afternoon by the hostess, assisted by Mesdames Graves and Robinson.

Ten Young Couples Organize Bridge Supper Club

Ten young married couples met at Cameron Country Club Saturday evening and organized a bridge supper club which is to meet on the second Saturday night of each month at the Country Club. While the idea of the club is primarily no-host, one couple will be responsible for the arrangements at each meeting.

Enjoying the supper and games at this original meeting were Messrs. and Mesdames Jimmy Wiggs, Milton Brown, Thelbert Crittenden, Finley Blackwell, Claude Blackwell, Marlin Harris, Don Humble, Joe Anderson, R. C. Able, and Dr. and Mrs. J. L. Walker.

New Lotion
ORDINARY LOTION

NON-ALKALINE LOTION HEALS CHAPPED SKIN

At last, cosmetic science has discovered a lotion that will actually heal chapped, irritated skin and counteract the drying effects of soaps and detergents. Hailed as a real triumph in the skin care field, this latest product of cosmetic research is said to be the first and only lotion able to penetrate the upper skin layers, as well as maintain the non-alkaline balance necessary to natural skin health.

The formula for this revolutionary product was arrived at in 1950 after seven years of intensive research and testing by cosmetic chemists, working together with pharmacologists and dermatologists. Then followed two years of clinical and national field tests.

The resulting product, now available commercially, is entirely different from other hand lotions because it relieves the causes of chapping, roughness and redness at their source, does not just smooth the skin superficially. The major difference lies in the ingredients which give it a slightly acid pH . . . a characteristic of natural skin oils. (Also known as hydrogen ion concentration, pH is a measure of the acidity or alkalinity of any substance.) Thus the lotion is able to penetrate deep beneath the upper skin layers to nourish and replenish the fluid bath of the living cells below.

At the same time, its non-alkaline characteristics enable this new skin care product to neutralize the drying alkaline action of soaps and detergents on the hands—one of the major problems of housewives. Manufactured by the Pond's Extract Company under the name of Angel Skin, the lotion has the added cosmetic advantage of drying seconds after application.

Mrs. Jeff T. Kemp left Sunday for Houston where she will spend several days with Mrs. Rosa Kemp Adams. She will leave Houston by plane Friday afternoon for Washington, D. C. where she will visit her daughter, Mr. and Mrs. Bill Brown.

Little 'Roos Win Over Yoelets 27-0

The Cameron Yoelets were overpowered Thursday night by the powerful little Kangaroos from Killeen, 27-0, before a good crowd in the Yoe Stadium.

S. M. Layfield,Yoe High principal announced that the gate proceeds netted $203.75 for the "New Uniform Fund" to outfit the Yoe High Band members. The net amount taken in last night was set as a goal for all "B" games. Members of the band, student body and school officials are extending their appreciation and thanks to all the local fans for contributing and coming out to the game.

The Yoelets played a good game, although they were outmatched with the heavier 'Roos.

Outstanding for the Yoelets on defensive play were Steven Polzer, Charlie Heitman, Freddie Fleischer and Bobby Rutherford.

Modern Art Takes a Licking!

Did you know we had a real artist in town? Yes sir! Handy Jackson was a contributor to the Sculpture Exhibition at the Centerville Fair last week.

His work was streaky pink and curved all around—sort of streamlined. Caused quite a stir. Nobody was sure what it was supposed to represent, but some liked it and thought it was good art. Handy gave me the lowdown:

"Why, it was nothing but a piece of cattle salt our cows have been lickin' at for months. I just had it mounted. Fooled a lot of folks — one fellow even wanted to buy it!"

From where I sit, Handy's "modern art" just shows how some people can be led astray. Some even get to be "experts"—especially about the other fellow's business. Whether it's art or music, or a simple thing like choosing, say, beer or milk with a snack, we should live and let live. There's no call for either of us to set ourselves up as a "model" for the other!

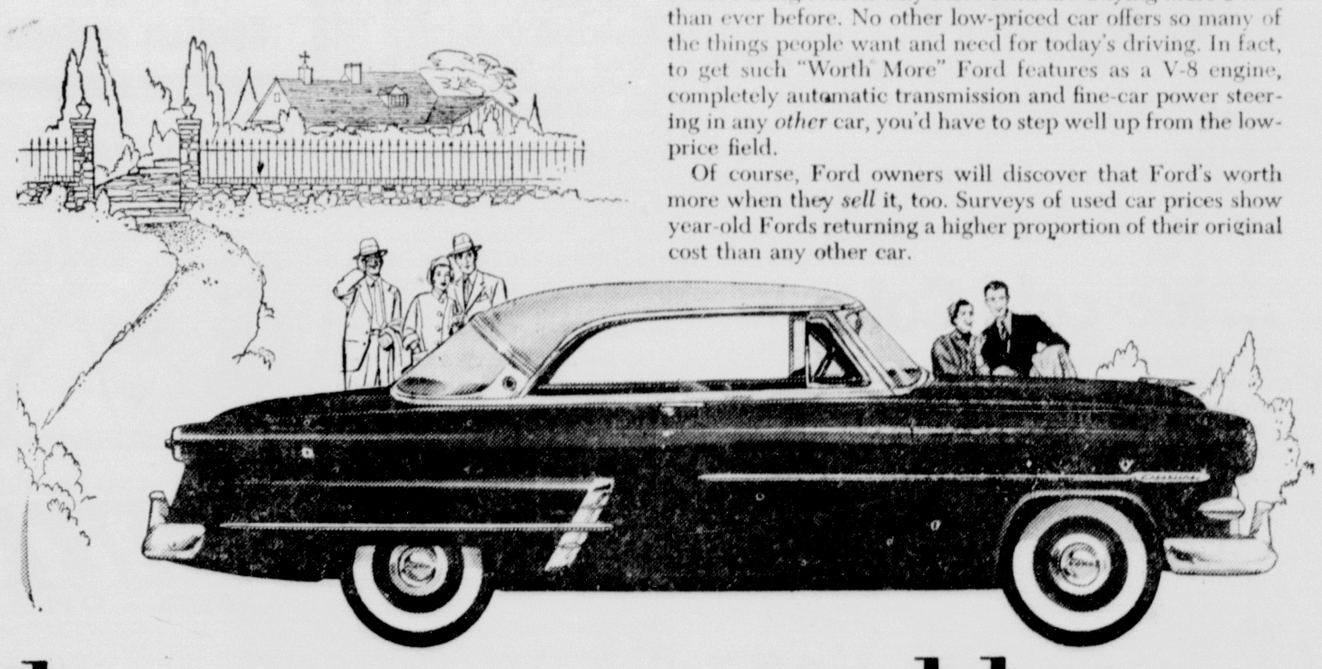
Ford

Most-liked low-priced car



... among people who want more for their money when they buy ... and more money when they sell!

There's a big reason why more folks are buying more Fords than ever before. No other low-priced car offers so many of the things people want and need for today's driving. In fact, to get such "Worth More" Ford features as a V-8 engine, completely automatic transmission and fine-car power steering in any *other* car, you'd have to step well up from the low-price field.

Of course, Ford owners will discover that Ford's worth more when they *sell* it, too. Surveys of used car prices show year-old Fords returning a higher proportion of their original cost than any other car.

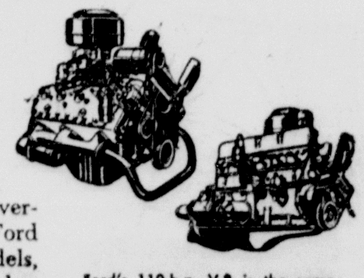
because it's most like high-priced cars

... more and more people are considering Ford as the one fine car in the low-price field!

It's hard to believe that a car which is built like the finest still sells in the low-price field. Yet a Ford with its hulltight Crestmark body, its Full-Circle Visibility (most in its field), its new fine car ride and roomy luggage locker (roomiest in its field) delivers at a figure that keeps it right down in its price class.

Ford's the only low-priced car which offers you a choice of a completely automatic transmission (Fordomatic), Overdrive or Conventional Drive. And Ford Master-Guide, available on all V-8 models, is the last word in power steering ... makes turning up to 75% easier.

See ... Value Check ... Test Drive Ford at your Ford Dealer's.



Ford's 110-h.p. V-8 is the same type of engine now powering America's finest (and costliest) cars. Ford's Mileage Maker is the most modern Six in the industry.

Local Dodge Dealer Showing New Luxury Model For 1954

A new super deluxe series known as the Royal V-8 highlights the lineup of 1954 Dodge passenger cars now being displayed in the show room of Schiller Motors.

Jerry B. Schiller and Milton J. Schiller, owners of Schiller Motors said the 1954 Dodge also introduces completely new interior styling, more than a dozen body beautifications and several major engineering advancements in its entire line consisting of 20 different models.

The Schiller Brothers said the 20 different models are in three series--the new Royal V-8 and Six and the Meadowbrook V-8 and Six. They are being offered in 11 new body colors and 14 two-tone combinations that are keyed to harmonize with the completely new interior styling.

The Schiller Brothers announced that the 1954 Dodge line also offers such mechanical advancements as the economy-and endurance tested Red Ram V-8 engine stepped up to 150 h. p. and a 7.5 to 1compression ratio; Power-Flite, a new fully automatic transmission; and a new full-time power steering unit. Meadowbrook models will continue at 140 h. p. The horsepower of the six-cylinder engines has been raised to 110 and the compression ratio to 7.25 to 1.

Although the new Royal V-8 features super deluxe appointments and fittings, Schiller's pointed out that the entire 1954 Dodge line is marked by many new styling changes.

Of the 20 models being introduced, four are Royal V-8's. They are the four-door, club coupe, sport coupe (hardtop) and convertable. In the two Coronet series there is a four-door and club coupe in a choice of V-8 or six, plus a sport coupe and convertible in V-8 only. The two Coronet series also offer a combination of six different station wagon models. A four-door and a club coupe make up the Meadowbrook series in a choice of either V-8 or six-cylinder power.

Station wagons may be obtained as the Sierra four-door in either a six-passenger model with two full seats, or as an eight passenger version with three seats, and with a choice of either the V-8 or six cylinder engine. The other two station wagon models are the Suburban two-door with a choice of engines.

District 23-AA Team Football Standings

The standings of the District 23-AA teams after four weeks of play show that Rosebud remains undefeated, but with two ties. The Panthers have won two games. They have scored 38 points and have let their opponents score 26 against them.

The Cameron Yoemen have come up, though, with the best record. Their record was marred by the one point La Vega defeat last week, but the Yoemen have gained three victories. They have scored a total of 71 points and held their opponents to 45.

Belton has come out with a 2-2 record, scoring 34 points and giving up 33.

Georgetown has won one game and lost 2. The Eagles have played only three games this season. They have scored 27 points while their opponents have overpowered them with 50 points.

Taylor has shown to be the weak team in the district, losing all four games played this season. The cellar-dwelling Ducks have scored 20 points this season and have given up 99.

All the district teams will go into action Friday night again, against non-district foes, except Rosebud, who will be idle.

The record made by the Yoemen in last Friday's game against the LaVega Pirates is as follows:

Yards gained rushing . . . Leon Beale carried 5 times for a total of 15 and an average of 3, W. K. Leonard carried 3 times for 14 and an average of 4.4, Arnold Warren carried 10 times for 29 and an average of 2.9, Joe Heitman carried 3 times for 3 and an average of 1, Buddy Thompson carried 7 times for 29 and an average of 4.1, Jimmy Rettig carried 7 times for 24 and an average of 3.3.

The ball was carried 35 times for a total of 114 yards rushing.

Warren threw 11 passes with 2 complete, one to Leonard for 30 yards and one to Heitman for 65 yards, for a total of 95 yards gained passing.

In the scoring, Rettig, Leonard and Heitman each scored 6 points.

Telephone Exhibit At Fair Will Feature Educated Mouse

Philbert, the smartest mouse this side of Hollywood, will be the star performer in the Telephone Exhibit at the Texas Sstate Fair in Dallas, and one of the hits of the exposition, predicts Manager C. L. Carson of Southwestern Bell Telephone Co. here.

The educated electronic mouse will make his first appearance in the Southwest at the Fair. He can find his way through a large variety of complicated mazes to a piece of "cheese" at the end, and then remember and retrace his path through the winding passage.

Philbert is carved from wood, has copper whiskers, and is activated by telephone relays, or switches, the same as are used to furnished telephone service, Carson, said. The antics of the little rodent are comical whe he is searching his way through the maze but his is strictly business when he goes over the path the second time from memory without any hesitation and without veering to the right or left.

Rivaling the long-memoried mouse in interest at the exhibit will be a demonstration of the transistor, which has been called the most important electronic discovery since the invention of the vacuum tube, according to the manager. An invention of telephone scientists, the tiny transistor is expected to replace vacuum tubes in many communications jobs. This little gadget, about the size of a .22 calibre cartridge, may make wireless telephones and even perhaps "Dick Tracy" wrist watches possible. One of the transistor-powered devices shown at the exhibit will be a short wave radio transmitter about the size of two packages of king-size cigarettes.

E. P. Young was admitted to Newton Hospital on Oct. 4 for surgery. His condition was reported good Friday noon.

Mr. and Mrs. Willie Halpain announced the birth of a son, David Earl, born at Newton Memorial Hospital on Oct. 8, weighing 6 pounds and 8 ounces. The Halpains have four other sons, and one daughter.

Gasoline for Sunday driving . . . or Natural Gas to cook next Sunday's roast?

Most people think only of gasolines, lubricants, and fuel oils when the petroleum industry is mentioned. The fact is, practically all oil producers are also natural gas producers. So today the driller of a wildcat, or exploratory well, calls his venture successful if the well discovers either oil or gas.

If it is an oil well, then he has helped to supply the country's increasing needs for oil and oil products; if it is a gas well, he has discovered additional supplies of an efficient, economical fuel for household and industrial use.

The petroleum industry's *development and conservation* of the country's natural gas resources is a practical demonstration of the progress to which Oil Progress Week invites attention.

Beginning with the location of the well, advanced geological and geophysical studies of underground formations aid in the selection of likely oil or gas producing areas, but still the odds against a wildcat well producing either gas or oil are eight to one.

If a natural gas field is discovered, reservoir engineers immediately begin their studies to determine the best producing methods to conserve the underground energy and to obtain the maximum production for the longest possible time.

If the gas that is discovered is "wet," it is processed in gasoline plants which remove the liquid parts and send them to refineries for further processing into motor fuels and aviation gasolines, or to petrochemical plants to be converted into a long list of useful chemical products, among which are the plastics and synthetic fabrics with which you are so familiar. "Dry" gas, the residue from gasoline plants, and sometimes produced direct from the gas field, is the natural gas that burns in literally millions of homes throughout America and under the boilers of thousands of American industries.

So, whether a wildcat well discovers oil for gasoline or natural gas for the kitchen stove, it adds to the available energy resources of the most highly mechanized nation on earth; it supplies products essential for today's and tomorrow's high living standards; it gives additional strength to measures for National defense.

Mrs. Irene Hill entertained with an all day quilting party Monday and in the afternoon was hostess to the members of the Milano Cemetery Association.

Little River Philosopher in Favor of Paying $100,000 for A Russian Built Dictator Instead Of A Plane

Editor's note: The Little River Philosopher on his Johnson Grass farm at Marlow is talking about something he doesn's know anything about this week, International affairs.

Dear editar:

I have been thinkin some more about that Russian Mig airplane that flier delivered to the United States for $100,000 over in Korea, and was wonderin if I had anything out here on my Johnson grass farm the government would be interested in buyin, say my tractor, for example. It might be interestin to study it and see how a piece of equipment in its shape still manages to run. While I ain't quotin any figures, I will take considerably less than $100,000 for it.

Understand, I'm glad we got the Russian plane, in the long run I believe its cheaper to buy an enemy plane than it is to send some of ours out to capture it and it's a lot safer, but I was just thinkin, instead of offerin $100,00 for a Russian-built airplane, I believe we'd get more for our money if we offered that much for say a Russian-built dictator.

Now I don't suppose this is legal, I suppose the State Departmene diplomats would throw a fit over it, but if a bunch of individuals got up a purse of around $100,000 for every Russian dictator who flew only half-way to the United States- it wouldn't be necessary to fly all the way, some half-way point in the middle of the ocean would be satisfactory- I believe we'd get more for our money.

Another use for our money it seems to me would be a price-

support program for Iron Curtain farmers. Offer a reward to the Iron Curtain farmer who grows the smallest amount of wheat per acre, the scrawniest calves per cow, etc. The farmer over there who succeeds in burning out his tractor's piston rods the greatest number of times in one year, give him a prize.

I notice this country is spending a lot more money on radio programs beamed into the Iron Curtain countries, and maybe they can do some good, the radio programs we export may be a lot better than the ones we use for domestic consumption, but nothin beats the hard cash when it comes to stirrin up a man's dissatisfaction.

In regard to this Mig this country paid $100,000 for, I'm afraid after the experts get through studyin it they'll find it ain't much different from the airplanes we already got. The secret of the airplane is now pretty generally known all around the globe, and one country tryin to keep a secret from another is sort of like tryin to keep the principal of the bicycle a secret.

Any country which is aimin to win a war with a secret weapon, well, the only thing its really keepin secret is reality from itself, which it refuses to come to face with. Or course you understand I ain't discountin the principal of the improved model. They no doubt are now makin better tractors than the one I've had for years, but I ain't seen a model yet that runs without somebody runnin it.

Yours faithfully
J. A.

Army Offering 64 Technical Fields

The Army is offering some unusual opportunities to high school graduates in a program to train the right men and women to fill vacancies in a variety of technical fields, according to M-Sgt. S. J. Richard of the Temple U. S. Army and U. S. Air Force Recruiting Station.

The Army needs skilled technicians and figures the best way to procure them is to train qualified men and women. There are 64 courses for men to choose from and 16 for women. Career courses such as helicopter maintenance, watch repair, drafting, baking, medical technicians, and engineering are only a few that are offered.

The Army offers the average high school graduate modern technical training, and guarantees those enlisting under this program a classroom seat, laboratory space, and books.

To qualify for this training, it is necessary to have a high school diploma or if still attending school a letter from your principal giving assurance that you will graduate, letter of reference from a responsible citizen as to your character and reputation, and meet the requirements to enlist in the service.

If you are considered qualified, you select two courses that you are interested in. Your application is sent forward for evaluation and determination as to which of the two courses you are best suited. Notification of acceptance by official letter will be sent when there is a vacancy in one of the two courses. This letter tells exactly when and where you will take the selected course provided you enlist before a given date.

Sgt. Richard further stated that medical and dental care, regular pay, chance for advancement, travel, free insurance, vacation each year, educational opportunities and many other benefits go with this training.

More information on the Army's technical training program may be obtained at the U. S. Army and U. S. Air Force Recruiting Station, Post Office Building, Cameron from 9:30 to 3:00 p. m. every Tuesday.

Baptist Church To Show Billy Graham's Film "Oil Town USA"

Exclusive full-color scenes of the Texas City disaster of 1945 highlights the climax scenes of "Oil Town USA" newest film release of Billy Graham, Evangelist Films to be shown here on Oct. 18 in the First Baptist Church auditorium.

The Texas City footage was filmed by a free-lance newsreel photographer in Houston, at the time of the disaster eight years ago. No use was made of the film until Director Dick Ross began to search for authentic scenes to highlight the story of "OIL TOWN USA." He located the film, unused and in storage, and made arrangements to incorporate it into the moving story of the new Billy Graham picture.

The story centers around the life of a Houston oil millionaire who is bought to an abrupt realization of his need of a religious experience through danger to his daughter's life in the Texas City holocaust.

Featured in the new film are Colleen Townsend Evans, Paul Power, Robert Clarke, Georgia Lee, Ralph Hoopes and the stars of Graham's earlier film "Mr. Texas," Redd Harper and Cindy Walker.

Evangelist Graham and his team are portrayed in their evangelical crusade in Houston last summer. Parts of the picture were filmed in Rice Stadium where 60,000 persons gathered for American Evangelism's largest throng.

Rev. Aubrey F. Russell in charge of local arrangements for the showing here, has announced that the doors to the First Baptist Church will be opened at 7:00 p. m. Oct. 18, with the film beginning at 7:30 p. m. No admission is to be charged.

Mr. and Mrs. Guy Chandler spent the weekend in Conroe and Houston. Charles, their son, visited in Houston.

October 17 To Be Boy Scout Day At Waco Football Game

October 17 is Boy Scout Day at the Baylor vs. Vanderbilt football game. Over 5,000 Cub Scouts, Boy Scouts, Explorers and their leaders from the Heart O' Texas Council will attend as guests of the Baylor Athletic Department, announced P. G. Knudson, Chairman of the Council Activities Committee.

Highlighting the half-time activities at Boy Scout Day this year will be a special recognition ceremony of all young men who have obtained the Eagle Scout rank during the past 12 months. This is the highest Scouting rank that con be obtained by Scouts. The following young men will be honored: Buddy Teague, Troop 99, Hico; Clark Taylor, Jr., Post 26, Waco; Jim Evetts, Jr., Post 119, Belton; Robert Pettis, Troop 12, Waco; Don P. Harris, Post 76, Clifton; James Larson, Post 76, Clifton; James O. Womack, Post 76, Clifton; David P. Moore, Troop 12, Waco; Owen Carpenter, Jr., Post 119, Belton; Gene Sessions, Troop 2, Galesville; Ira Eskridge, Kenneth Lehrmann and David Hood, Troop 38 of Mart; George Brown and James Jones, Post 35, Marlin; James Wiggins, Post 63, Mexia; Joe Cunningham and Dan Canterberry, Troop 51, Rosebud.

Cpl. Jack Small Arrives In Cameron

Corporal Jack Small arrived in Cameron Friday, October 9, after spending a year of duty in England with the U. S. Army. He visited with his parents, Mr. and Mrs. Tommy Small over the weekend, and returned to Fort Hood where he is awaiting discharge from the Army.

Small entered the Army in November of 1951.

The hot, dry winds of summer are the chief deterrent to corn-growing Texas.

SS Account Number Needed For Filing SS Tax Return

You will need your social security account number when you file your 1953 self-employment social security tax return. If you have lost your social security card or have never applied for one, now is the time to secure yours, says James B. Marley, manager of the Austin office of the Social Security Administration.

You may secure application blanks from your local post office. Credits cannot be made to your old-age and survivors insurance account without identification showing your name and account number.

If you are 65 or more, and have self-employment credits for two years or more, you may be eligible for benefits. Benefits may be payable even though you continue working, provided your net earnings from self-employment do not exceed 900 in a taxable year. You are invited to contact the Austin social security field office for detailed information on the retirement provisions are payable regardless of your earnings.

Cpl. Joe Friemel Awaits Discharge From U. S. Army

Corporal Joe Gene Friemel returned to Cameron Monday night, October 12, after spending 15 months in Germany.

Cpl. Friemel, the son of Charlie Friemel of Ben Arnold, will return to Fort Hood, where he will be given his discharge. He entered the Army in November of 1951. Prior to entering the Army, Cpl. Friemel attended Yoe High School and Texas A&M College.

His wife, Mrs. Pauline Friemel is employed at the Citizens National Bank in Cameron. No future plans have been decided upon by the couple.

Large Crowd Attends Annual Clarkson Homecoming Sunday

The annual Clarkson Cemetery Association and Homecoming day was attended by a large crowd Sunday, October 11.

Many people from various points in the State attended the gathering.

Rev. R. S. McClung of Brownwood, brought the morning message. He was the pastor of the Clarkson Church from 1916 to 1918.

After the morning worship, a barbecue dinner was served during the noon hour at the school.

The members of the Association and people of the community wish to thank each one for their part on both the morning and afternoon program, and those who helped in any way to make this a success.

Rockdale Man Is Attending Boy Scout Meeting

H. H. Coffield of Rockdale, president of Region Nine Boy Scouts of America, will attend a meeting of the National Boy Scout Executive Committee in New York City October 14-15.

Mr. Coffield was recently elected to a second term as a member of the national committee.

For many years a prominent Scout executive on local, state and national levels, Mr. Coffield has been selected as chairman of the American Legion's Boy Scout program for the State of Texas for 1953-54. Serving a second term as Boy Scout chairman, he is also a six-year member of the Legion's Americanism committee for the State Organization.

Two Jones Prairie Ladies Honored With "Going-Away" Party

Mrs. S. M. Harrell of Jones Prairie was hostess at her home Tuesday afternoon honoring Mrs. J. H. McNeil and Mrs. Rex B. Jones with a going-a-way party.

The party rooms were decorated with an assortment of fall flowres.

After a few social games, led by Mrs. Robert Glenn, the hostess invited the guests into the dining room for refreshments.

The dining table, covered with a hand embroided linen cloth, was centered with an arrangement of pink mums and blue nylon tulle.

Mrs. Merlin Lester poured the coffee, assisted by Mrs. Dick Young.

Completing the party menu was a silver party tray of assorted sandwiches, cookies, mints and nuts.

The honorees were presented a lovely corsage by the hostess.

Mrs. Bonnell Depew has returned to her home in College Station, where she is secretary to Easterwood Airport.

YOEMEN LOSE—

(Continued from Page 1)

ined to rip up the Yoemen. The wild and wooly quarter began with Pat Kern, Kangaroo tackle, recovering a local fumble on the Yoemen 10-yard marker.

In two plays Reding moved the ball to the two, and Grant burst through for the score.

Another bad break for the Yoemen gave the ball to Killeen, as Barr intercepted Warren's pass on the Yoeman 45 and scampered for paydirt.

It was only three plays after the Killeen kickoff, that Barr intercepted another Warren pass on the Yoemen 32 and romped down the field to the double stripe but a clipping penalty brought the ball back to the Cameron 47. Grant, four plays later, hit right guard on the Yoemen 22, broke through the secondary and skipped across for the touchdown.

Another Cameron fumble at the start of the fourth quarter, gave the ball to Killeen on the Yoeman 36. Al Kirchoff took a tricky handoff reverse for the touchdown run.

Calvin Lovorn kicked his second extra point of the night, and the scoreboard showed 32-0.

With only a few seconds left to play, Joseph Michalka, the man under, faded back and chucked a long 30 yard pass to W. K. Leonard in the end zone for the lone Yoeman tally. Junior Zotz, Yoeman right guard, kicked the extra point, which ended the scoring and the ball game.

The Yoemen are scheduled to meet mighty Gatesville on their own home ground Friday. Gatesville is pegged as being one of the better AA squads in the state this year.

To date, there has been no change in the Yoe starting lineup.

Church Congregation Announce Regional Convention at Austin

The Cameron congregation of Jehovah's Witnesses announces that all week end meetings are suspended due to the regular semi-annual regional convention to be held in Austin Oct. 16-18, Fred Starnes, congregation servant, has announced.

This three-day meet will be held in the Becker School Auditorium and the Coliseum. About 600 delegates are expected from a 32-county area in Central and South-Central Texas.

The program, under the direction of the District and regional ministers of the Watchtower Bible & Tract Society is designed to aid all Jehovah's Witnesses in Bible study, and to a fuller realization of the need for more concentrated Bible research.

The highlight of the meet, will be the lecture: What is Your Destiny? to be given by D. E. Stull, District minister and representative of the Watchtower Society of New York City. This lecture will be at 3 p. m. Sunday, Oct. 18, at the City Coliseum.

Mrs. Paul Tucker of Thorndale is a medical patient in St. Edward Hospital.

Jessie Cass, 5, of Gause is a medical patient in St. Edward Hospital.
